The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Cornwell Intersection Project in fiscal year 2025. The entity to receive funding for this project is the City of Yukon, located at 500 W. Main Street, Yukon, OK 73099. The funding would be used to add dual left turn lanes in all four directions and add a dedicated right turn lane in all four directions for a total of seven added lanes in each direction of the intersection which will strengthen safety practices. Additionally, the funding will support new ADA pedestrian poles, ramps, sidewalk reconstruction, and striping to expand accessibility of the intersection.

The project is an appropriate use of taxpayer funds because the Cornwell Intersection Project has been developed and prioritized in response to needs expressed by members of the Yukon community. This project aligns with the city's strategic approach to mitigate traffic accidents, increase ADA accessibility, and ensure driver and pedestrian safety.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C.5305(a)(1).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Stephanie Bice
Member of Congress
